KAREN E. JEZ
SUPERINTENDENT

MEDICATIONS

Students are **NOT PERMITTED** to self-medicate while in school, with the exception of emergency inhalers and epi-pens. All medications must be dispensed through the nurse's office. Parents are responsible for bringing the medication to the nurse. Medication, which includes all pills, prescription and over-the-counter, is not to be sent to school with students. Students bringing medication to school is a violation of the Drug and Alcohol Policy. Proper consent forms must accompany all medication (form available on district website). Medication must be in a properly labeled prescription bottle or original packaging. The label must include the correct student name, correct name of medication, correct dosage of medication, and the correct time medication is to be given. Ask the pharmacist to give you a separate bottle for at school, if the student also takes the medication at home.

Medications will **ONLY** be given during the school's designated medication dispensing time. The only exceptions are: asthma, diabetes, severe allergy or emergency medications which will be given as needed. If medications are required at any other times, the parent is responsible for giving those medications.

Provisions are made for responding to your child's health needs that may include administering common over-the-counter health remedies (Tylenol, Maalox/Tums, Anbesol/Ora-Gel, Neosporin, and cough drops), as indicated on the emergency form. These will be administered only with parent permission and if deemed necessary by the school nurse or designated school personnel. Tylenol will be given for pain/fever at the discretion of the School Nurse. Maalox/Tums will be given for stomachaches without vomiting or diarrhea. Cough drops will be given for sore throats or cough. Students are **NOT** permitted to carry their own supply of these medications.

"The mission of the Titusville Area School District, a partnership with parents and community members, is to ensure that all students are challenged by quality academic and social experiences to achieve their fullest potential as life-long learners."
